

# SOUTHMORELAND SCHOOL DISTRICT

## STUDENT EXTRACURRICULAR ACTIVITY FEE

The Southmoreland School District takes great pride in offering many athletic programs that are available to all students' grades 7-12. We strongly believe that these programs offer students a significant opportunity to learn and grow beyond the classroom.

In the past, the school district has been able to offer these great programs at no cost to families. Recently, we have faced many decisions regarding the future funding of these programs

The annual fee is now assessed to all students in grades 7-12 who plan to participate in any athletic program or marching band. This annual fee will permit each student to participate in as many athletic programs as they would like. **Payment of the fee does not guarantee your child playing time.**

Students dismissed from the team, injured, or quit will not be reimbursed the activity fee.

---
